RochesterWorks! Names Metro Circuits Employer of the Month for November

*Rochester, NY—November 8, 2007—*Each month RochesterWorks! designates an Employer of the Month to recognize local businesses that are growing and offer opportunities to area job seekers.

For November, RochesterWorks! has named Metro Circuits Employer of the Month based on its practice of promoting from within, providing training opportunities, “growing” its management team from existing employees, and its overall commitment to its employees.

Metro Circuits, a world leader in the manufacture of printed circuit boards using Liquid Crystal Polymer (LCP) materials boards, is on a rapid growth mode led by development of leading edge technologies not currently offered by competitors. Located in Rochester since 1974, its products include bare printed circuit boards (PCBs); high density interconnects (HDI), flexible circuit boards, rigid-flex circuits and RF / Microwave printed circuits.

Metro Circuit’s 2007 revenues will exceed \$11 million and corporate sales will exceed \$21 million. The company’s global customer base includes leading companies in the aerospace, aviation, radar, antenna, medical, instrumentation, computer and networking industries.

The company has openings for several types of positions including Quality Assurance Manager, Production Technician Assistant, Quality Inspector, Inside Sales Engineer and CAM Engineer.
