

CNC Machinist

Dau Thermal Solutions North America is a world class, full service, thermal management company servicing customers on three continents. We specialize in the design and manufacturing of quality, cost effective, high performance heatsinks for medium through high power heat sink applications.

We are currently hiring an Multi-axis CNC milling machinist (1st, 2nd shift and weekend shift) to join our team. We offer medical, dental, life / disability insurance, 401k, training opportunities and paid time off.

For immediate consideration please respond to this posting with your resume, shift availability and salary requirements. Compensation is commensurate with level of experience.

Help us in growing our world class team!

Position Summary:

We are looking for a highly skilled cnc machinist who can perform both setups and the operation of cnc milling machines.

Duties and Responsibilities:

1. Experience with both setup and running of Multi-Axis CNC Milling machines with Fanuc controls or similar
2. Ability to read blueprints and job orders for product specifications, such as dimensions and tolerances
3. Responsible for inspection and testing of both your own work and the work of others.
4. Ability to perform program editing using G&M Code
5. Ability to read and comprehend complex and detailed work instructions
6. Familiar with various trade tools
7. Strong attention to detail
8. Work independently with minimal supervision
9. Familiar with basic computer operations
10. Good organizational skills
11. Able to stand for long period of time
12. Multi-tasking and good communication skills
13. Other duties as assigned

Additional Responsibilities:

1. Special projects as assigned to meet company needs.

Qualification Requirements:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill and/or ability required.

1. Minimum 3 years' experience setting up and operating CNC milling machinery
2. Ability to perform program editing using G&M Code
3. Excellent written and verbal communication skills.
4. Ability to utilize common software. Ability to learn new software as required.
5. Work requires willingness to work a flexible schedule.
6. High School Diploma or equivalent preferred.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to sit and stand. The employee must have excellent hand/eye coordination, and able to handle small pieces. The employee is frequently required to use their hands. The employee must also occasionally lift and/or move up to 40 pounds. Specific vision abilities include close vision and color vision.

Work Environment:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job.

1. Working conditions are normal for a manufacturing (or office) environment.
2. Work may require occasional weekend and/or evening work.

Dau is an equal opportunity employer and for immediate consideration please respond to this posting with your resume by contacting Carol Werner at Cwerner@dauusa.com or apply in person along with your shift availability and salary requirements.
