RochesterWorks! to Host Food Service and Hospitality Virtual Recruiting Event

RochesterWorks! is hosting a week-long virtual recruiting event starting Monday, September 13th featuring 10 local employers with more than 60 open positions in the Food Service and Hospitality industries. This event, in partnership with ACCES-VR, marks the seventh consecutive month of Spotlights, each highlighting up to a dozen Rochester and Monroe County businesses looking to fill a variety of roles in a common industry.

This month's recruiting Spotlight includes a diverse array of employers including nonprofits like Foodlink and The Strong Museum of Play, schools and universities including the University of Rochester, Rochester Institute of Technology, and the Rochester City School District, in addition to the Strathallan Hotel & Spa, Hyatt Regency Hotel, TES Staffing, and Compass Group.

Using an online form, job seekers can apply to multiple openings from any number of employers with a single submission. Participating employers commit to reviewing every application submitted to their company, getting job seeker resumes directly into the hands of hiring managers and recruiters.

Job seekers can find a wide range of roles, from entry-level barista and waitstaff roles to culinary artists like Cook's Assistants and Chefs, and business positions such as Corporate Sales Manager or Digital Marketing Specialists. A comprehensive list of participating employers, current openings, and detailed job descriptions is available at tinyurl.com/RWSeptemberSpotlight. The platform will accept submissions through Sunday, September 19th.

Business owners and employers who are interested in being part of a future spotlight event to showcase their open positions can submit their information to the RochesterWorks! Business Services team at tinyurl.com/VRSpotlightinterest.

###

As Monroe County's largest employment and training initiative, RochesterWorks! is dedicated to developing a strong workforce in the Rochester, NY, region as we serve job seekers, youth, and businesses in our community.
